**DETAILED ACTION**

***Drawings***

1. The drawings filed 07/27/2006 are acceptable.

***Examiner's Amendment***

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The following amendment is made to claim 1 to correct an obvious typographical error in order to maintain proper antecedent basis in the claim.

In claim 1, line 20, change "anvils" to – anvil --.

***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, in a welding system for an ultrasonic welder for welding a plurality of webs together, the prior art does not teach or make obvious the concept of the combination of the first and second ultrasonic horns are arranged so that one anvil of the pair can face the first ultrasonic horn at the same time as the other anvil of the pair faces the second ultrasonic horn, and the first and second ultrasonic horns apply the vibration energy to the webs simultaneously while each of the anvils faces the first

or second ultrasonic horn, wherein the pair of anvils are provided symmetrically with each other with respect to an axis line of the anvil roller in the manner claimed by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
